

文化庁登録有形文化財
きょうハレの日、

Breath-taking skills of artisans.

Enchanting masterpieces.

Constantly refined over millennia,

Kyoto's time-honoured elegance still serves
as a source of inspiration for beholders.

Now the Shimadai Gallery, a typical Kyoto Machiya house
and a registered tangible property in Japan
hosts an exhibition/shop of traditional handicraft pieces
for experiencing Kyoto's intrinsic beauty in pure refinement.

Traditional Elegance
in Pure Refinement
